

## **Christmas Blessings**

Dear Friends

Christmas is a time to rejoice as we celebrate the fact that this magnificent promise of God was set in motion on the stage of human history. The king has arrived! The mighty Word has become flesh! Christmas is a time to remember with profound gratitude that the era of world redemption took a mighty step forward. As you make your way to Church this Christmas or remain at home for whatever reason, remember the millions throughout the world, who may be singing in one language or another, 'Joy to the world! The Lord has come!'

Throughout the new year commit yourself and our church to pray with renewed zeal – Thy Kingdom come – throughout this vast world.

Together may we proclaim the greatest, and saving, news of Emmanuel - God with us.

Happy Christmas and every blessing as we look to 2023 together.

*Philip*
